PALM SPRINGS AERIAL TRAMWAY

Friday, June 11, 2010

\$75 includes transportation, tour, tram ride, hike & more

Experience the natural beauty of Palm Springs as you comfortably glide from the Valley Station to what seems like the top of the world. The Palm Springs Aerial Tramway is one of the West's most popular attractions and it has just gotten better. Your Tram Car revolves, allowing you a 360 vista as you float 8,500 feet through five unique life zones, from the hot Mexican Sonora Desert to an Alpine wilderness.

Upon your arrival at the Mountain Station, you'll explore the terrain of marked trails and stop by the theater to watch a 22 minute documentary film about the tram, pop into the natural history museum, or enjoy a breathtaking 360 view of the Coachella Valley and surrounding desert. This a definite "must see" for our first-time visitors.

Meet in the hotel lobby check-in area (Lobby Court) at 8:30 a.m. for bus boarding. Return around 2:30 p.m. Lunch will be on your own at a restaurant on the mountain.
